

GEC Anderson Boss draining

Description

GEC ANDERSON® BOSS PROFILE

GEC Anderson® BOSS profile provides an attractive and practical alternative work surface finish.

The BOSS raised profile facilitates drainage and can also be used for hot pans.

- Standard pattern: Profiles positioned at 55mm centres
- Standard area: 400x400mm
- Alternative options available

Material EN 1.4301 grade brushed satin stainless steel.

Please consult GEC Anderson Ltd technical literature or website for further details.

GEC Anderson can also provide a specification service for both standard and bespoke designs. It is recommended that they are consulted early in the design process.

CAD drawings are available in dxf and dwg formats.
