

Curved stainless steel worktop with integrated sink, watersafe edges (edge 3) and bin chute.

Curved stainless steel worktop with integrated sink, watersafe edges (edge 3) and bin chute.

Sector:	Commercial
Room Type:	Tea points
Client:	Dibb Lupton Alsop
Specifier:	Marshall Cummings Marsh
Contractor:	Ruddy Joinery & Fit-out Specialists

GEC Anderson stainless steel worktops were specified in a series of tea points in the offices of City law firm, Dibb Lupton Alsop.

The tea point to each floor had it's own colour but all featured the same overall, curved, geometry

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
