

Sinktop with integral upstands and sinks

Worktop with 80mm edge profile, hob and integral back upstand

Specifier: Andrew Rowland Architect

Stainless steel main worktop with cut-out for hob, deep edge profiles and integrated back upstand.

Alcove sinktop with integrated sinks and side / back upstands. Extra-deep front edge profile.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
