Multiple teapoint sinktops and cafe servery counters as well as cabinets and panelling were supplied to the UK Headquarters of Sony Computer Entertainment.

Integral upstands were specified to all wall junctions for easy of cleaning and to ensure good levels of hygiene and durability. All sink bowls are seamlessly integrated.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
