The office entertaining and tea point area for office furniture supplier, Steelcase, has benefitted from a new, single-piece, stainless steel worktop, by GEC Anderson.

Incorporating two stainless steel sinks, the 4 + metre long, bespoke stainless steel worksurface blends perfectly with its sleek, modern and professional surroundings.

The area is under heavy use on a daily basis as well as for evening and weekend events held at the company's prestigious Farringdon offices.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
