

Milton Keynes Hospital Choose GEC Anderson for Ward Kitchens

Ward kitchen - sinktop, cabinets and drawers. Wall hung WB45 basin.

Ward kitchen - sinktop, cabinets and drawers. Wall hung WB45 basin.

Sector:	Hospital
Room Type:	Ward kitchens
Client:	Milton Keynes Hospital NHS Foundaton Trust
Contractor:	Milton Keynes Hospital NHS FT

A recent upgrade to ward kitchens included the provision of stainless steel worktops, basins and base cabinets, by stainless steel specialist, GEC Anderson Limited.

In a phased upgrade program, the Foundation Trust approached GEC Anderson directly to agree detailing, specifications and costings for the various ward kitchens. The scope of work included bespoke worktops, sinktops, base cabinets and wall-hung wash basins.

The results are professional, hygienic and durable kitchens that will stand the test of time for the Trust.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
