Stainless steel worktops can often be thought of as a 'modern' or that they are only suitable in contemporary kitchens. Actually, stainless steel worktops are very much suited to all styles and ages of kitchens and buildings as can be seen in this example.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
