

OUTDOOR KITCHEN AND BARBECUE AREA

Stainless steel worktop and base cabinets

Stainless steel outdoor kitchen

Integrated sink A34

Stainless steel outside worktop and cabinets with lowered area for BBQ unit

Room Type: Outdoor kitchen, Highgate
Specifier: Jonathan Freegard Architects

Here is an exciting new project that we have had the opportunity to work on.

An outdoor kitchen featuring GEC Anderson stainless steel worktop and cabinets with lowered area for a Barbecue. This outdoor kitchen features one of our integrated sinks (GEC Anderson Series A). This project was for Jonathan Freegard Architects.

Founded in England in 1962, GEC Anderson has pioneered the development of made-to-measure stainless steel products. Today, the company's range also includes standard and modular stainless steel options. Products include sinks, worktops, cabinets, shelving, splashbacks, doors and sanitaryware for use in domestic, commercial and specialist environments. All products are manufactured to ISO 9001 and backed by a comprehensive support service from planning and product specification to installation and maintenance.
